ERRATA

Released: May 18, 2004

By the Assistant Chief, Telecommunications Access Policy Division, Wireline Competition Bureau

On May 14, 2004, the Commission released a Notice of Proposed Rulemaking (Notice), FCC No. 04-111, seeking comment on various abbreviated dialing arrangements that could be used by state "One Call" notification systems in compliance with the Pipeline Safety Improvement Act of 2002. This Errata corrects FCC No. 04-111 by deleting paragraph 34 under Section IV, Procedural Matters, which provides instruction on submitting comments on the proposed and/or modified information collections. As indicated in paragraph 27, this Notice does not contain a proposed or modified information collection.
